RALEIGH COUNTY ZONING ORDINANCE (AMENDED May 7th, 2019)

CHAPTER 1 INTRODUCTION; ADMINISTRATION; ENFORCEMENT

ARTICLE 1A ENACTMENT

This ordinance shall become effective from the date of their adoption by the Raleigh County Commission. Any other zoning ordinance shall be deemed repealed. This ordinance shall in no way effect any action taken by the Raleigh County Planning and Zoning Commission, Raleigh County Board of Zoning Appeals or the Raleigh County Commission prior to the effective date of these regulations.

ARTICLE 1B TITLE

This ordinance shall be known as the Raleigh County Zoning Ordinance.

ARTICLE 1C PURPOSE

This ordinance is enacted to improve health, safety convenience and welfare of the citizens of Raleigh County, as permitted by Chapter 8A of the WV Code. The purpose is to:

- A. Protect the health, safety and general welfare of the present and future population of Raleigh County, West Virginia.
- B. Assist in the future growth and development in accordance with the Raleigh County Comprehensive Plan.
- C. Insure growth and development is economical and environmentally sound.
- D. Encourage and support agricultural, commercial and industrial activities while maintaining land use order and compatibility.
- E. Encourage improved appearance of Raleigh County with relationship to use and development of land and structures.
- F. Encourage the conservation of natural resources and historical preservation.

ARTICLE 1D INTERPRETATION

The provisions of this ordinance shall be held to be minimum requirements. Wherever the requirements of this ordinance are at variance with the requirements of any other lawfully adopted rules, regulations, ordinances, deed restrictions, or covenants, the most restrictive or that imposing the higher standard, shall govern.

ARTICLE 1E SEVERABILITY

The provisions of this ordinance are considered severable, if any provision is found to be unconstitutional or unlawful, it is intended that the remainder have full force and effect.

ARTICLE 1F ADMINISTRATION OF ORDINANCE

The Raleigh County Planning and Zoning Commission will administer the provisions of this ordinance. With enactment of this ordinance, the Raleigh County Commission shall designate staff personnel to act on the Raleigh County Planning and Zoning Commission's behalf.

ARTICLE 1G ENFORCEMENT; INJUNCTION; PENALTY

Enforcement and penalty shall be in accordance with Chapter 8A, Article 10, of the WV Code, as amended.

CHAPTER 2 ZONING DISTRICTS AND BOUNDARIES

ARTICLE 2A INTERPRETATION OF DISTRICT BOUNDARIES

If uncertainty exists with respect to the intended boundaries of the districts as shown on the zoning maps, the following rules shall apply:

A. Where the designation of a boundary line on the zoning maps coincides with the location of a street or alley, the centerline of such street or alley shall be construed to be the boundary of such district.

B. Where the district boundaries do not coincide with the location of streets or alleys, but do coincide with parcel lines, such parcel lines shall be construed to be the boundary of such district.

C. All streets, alleys, public ways, waterways and railroad rights-of way, if not otherwise specifically designated, shall be deemed to be in the same zone as the property immediately abutting upon such streets, alleys, public ways, waterways and railroad rights-of way.

D. Where the centerline of a street, alley, public way, waterway or railroad right-of way, serves as a district boundary, the zoning of such areas, unless otherwise specifically designated, shall be deemed to be the same as that of the abutting property up to the centerline.

ARTICLE 2B JURISDICTION AND ZONING DISTRICTS

This ordinance shall apply to all properties within the boundaries of Raleigh County.

The zoned areas are hereby divided into the following districts:

- (R1) Rural Residential District
- (R2) Residential District
- (B1) Commercial Business District
- (I1) Industrial Business District
- (PD) Planned Development District

ARTICLE 2C DISTRICT CHANGES AND ORDINANCE AMENDMENTS

Amendments to the zoning ordinance shall be effected and in accordance with Chapter 8A, Article 7, Section 8 of the WV Code, as amended; and meet all requirements and rules established by the planning commission.

ARTICLE 2D DISTRICT BOUNDARIES

The District boundaries are hereby established as shown on the zoning maps. These maps and any future maps created by the Assessor Mapping Division shall be made a part of this ordinance. The zoning maps and all notations/references and other matters shown thereon, shall be and are hereby made part of this ordinance.

CHAPTER 3 PLANNING COMMISSION

ARTICLE 3A AUTHORITY

The Raleigh County Commission is authorized to create a planning commission by Chapter 8A, Article 2, Section 1 of the WV Code.

ARTICLE 3B GENERAL

A. The Raleigh County Planning and Zoning Commission shall consist of seven (7) individuals, all whom must be residents of the county and qualified by knowledge and experience in matters pertaining to the development of the county.

B. At least three fifths of all the members must have been residents of the county for at least three years prior to appointment by the county commission.

C. Members must fairly represent different areas of interest, knowledge and expertise. One member must be a member of the county commission or their designee. The term for this member is the same as term of office.

ARTICLE 3C TERMS AND VACANCIES

County Commission or designee - Term of office. All other members have staggered three-year terms. Vacancies shall be filled by appointment by the Raleigh County Commission for the unexpired term only.

ARTICLE 3D COMPENSATION

The members shall serve without compensation, but shall be reimbursed for all reasonable and necessary expenses actually incurred in the performance of their official duties.

ARTICLE 3E MEETINGS AND QUORUM

A. The planning commission shall meet at least quarterly and may meet more frequent at the request of the president or by two or more members.

B. Notice of a special meeting must be in writing, include the date, time and place of the special meeting, and sent to all members at least two days prior to the meeting. Written notice of the special meeting is not required if the date, time and place of the special meeting is set in a regular meeting.

C. A majority of the members must be present to conduct a meeting.

ARTICLE 3F OFFICERS

At its first regular meeting each year, the commission shall elect from its members a president and vice president. The vice president shall have the power and authority to act as president during the absence or disability of the president.

ARTICLE 3G GOVERNING BODY'S DUTY

The county commission shall provide the planning commission with suitable offices for holding of meetings and preservation of plans, maps, documents and accounts; and appropriate money to defray the reasonable expenses of the planning commission;

ARTICLE 3H POWERS AND DUTY

The planning commission has the power authority and duty to:

A. Exercise general supervision of and make rules and regulations for the administration of the affairs of the planning commission, provided the county commission adopts the rules.

B. Supervise the fiscal affairs and responsibilities of the planning commission and prepare and submit an annual budget to the county commission.

C. Keep an accurate and complete record of the departmental proceedings, and record and file all bonds and contracts and assume responsibility for the custody and preservation of all papers and documents of the commission.

D. Make recommendations and an annual report to the Raleigh County Commission concerning the operation of the planning commission and the status of planning within its jurisdiction.

E. Prepare, publish and distribute reports, ordinances and other material relating to the activities authorized under this article.

F. Adopt a seal, and certify all official acts.

G. Invoke any legal, equitable or special remedy for the enforcement of the provisions of this article or any ordinance, rule and regulation or any action taken there under.

H. If necessary, establish advisory committees, and delegate limited powers to a committee composed of one or more members of the planning commission.

I. Contract for special or temporary services and professional counsel with the approval of the county commission.

CHAPTER 4 LOCATION IMPROVEMENT PERMITS

ARTICLE 4A LOCATION IMPROVEMENT PERMIT REQUIREMENT

Location Improvement Permits shall be required for all properties located within the boundaries of Raleigh County, West Virginia.

Public roadway zoning and setbacks shall be applicable to all Raleigh County and meet the following requirements:

A. Parcel Frontage shall not be less than Seventy-five (75) feet.

B. Front yard setback - Front yard setbacks are determined by where the main door of the structure is located.

1. A minimum of Twenty-five (25) feet from property line; or the depth of the average of at least two existing buildings of the same general character within Two Hundred (200) feet of the Parcel in question.

2. In case a dwelling is located on a parcel where the front and rear yards faces any side parcel line, such dwelling shall not be less than twenty-five (25) feet from such parcel line.

C. Side yard setback - Minimum of Ten (10) feet per side. When a side yard faces a street or right-of-way a minimum of Twenty-five (25) feet is required on that side of the structure.

D. Rear yard setback - Minimum of Twenty (20) feet.

E. Non-Conforming Setbacks - Additions to existing structures that do not meet required setbacks may be built in line to the present main wall of the structure, but shall not encroach any closer to the present setback.

F. No accessory building, detached garage, carport or use shall be placed within ten (10) feet of adjoining property lines and shall not encroach on any front yard setback. Corner parcels shall require a minimum of Twenty-five (25) foot setback.

ARTICLE 5F HOUSING STANDARDS

A. All Homes, whether site built or factory built, shall meet the following standards:

1. The minimum total living floor area for a single family detached dwelling shall be seven hundred-twenty (720) square feet. Homes with a footprint less than (720) square feet (excluding basements and porches) must meet plan review requirements.

2. The single-family home shall be placed on a permanent foundation; and modular or manufactured homes shall be installed pursuant to the manufacturer's installation and in compliance with the West Virginia Code Chapter 21, Article 9 and the Raleigh County Building Safety Code.

3. All housing must be connected to the appropriate utilities.

4. No recreational vehicle or equipment shall be used for living, sleeping or housekeeping purposes except in approved RV Park and Manufactured Home Park locations established for such use.

5. A manufactured home may be used on a commercial or industrial construction site as temporary office space, but not for residential purposes for a maximum of Two years.

ARTICLE 5G GROUP RESIDENTIAL FACILITIES

A group residential facility shall be a permitted residential use in zones or districts, which allow single or multi-family dwellings. (WV Code 8A-11-2)

ARTICLE 5H ANIMAL HOSPITALS; POUNDS; KENNELS; RIDING ACADEMIES

A. No person, firm or corporation shall, without obtaining a Conditional Use Permit, erect or maintain any fencing, pen, enclosure or building housing or enclosing animals or fowls for commercial purposes nearer than three hundred (300) feet of any public roadway right-of-way nor one hundred (100) feet of any adjoining property line. The use shall be limited to Five (5) non-hoofed animals and Two (2) Hoofed animals per whole acre of land.

B. Residential kennels, riding academies, the keeping of animals or fowl, shall be limited to five (5) non-hoofed animals and Two (2) hoofed animals for each whole acre of land within the site. All buildings, corrals and pens, shall be a minimum of one hundred (100) feet from any adjoining property line.

ARTICLE 5I SALVAGE YARDS; JUNKYARDS

A. Prohibited in any (R2) Residential District and (B1) Commercial District.

B. Requires obtaining a Salvage Yard Approval Permit from the Raleigh County Planning and Zoning Commission in accordance with their promulgated rules.

ARTICLE 5J AGRICULTURAL USES PERMITTED

Except for compliance with requirements set forth in this ordinance, nothing shall prohibit the non-commercial use of land for agricultural purposes or the construction or use of building or structures incidental to the use for agricultural purposes.

ARTICLE 5K FENCES; WALLS; HEDGES

A fence, wall, hedge or shrubbery may be erected, placed, maintained or grown along a property line, **except** no sign, fence, wall, hedge, planting or other obstruction to vision located on a corner parcel along the edge of any yard abutting a public or private roadway in any zoning district shall not be higher than Three (3) feet in height for Twenty (20) from the intersection of the street lines.

CHAPTER 6 SIGN REGULATIONS

ARTICLE 6A STATEMENT OF INTENT

It is recognized that signs are a legitimate land use. This article is to regulate signs to provide for reasonable and orderly display.

ARTICLE 6B GENERAL SIGN PROVISIONS

A. Conflict: The regulations of this chapter are not intended to interfere with, abrogate or annul any federal or state law relating to outdoor advertising. Where any provision of this chapter imposes restrictions different from those imposed by federal or state law whichever provision is more restrictive or impose a higher standard shall control.

B. Appearance: All signs and marquees shall be maintained in good condition. Deteriorating or damaged signs shall be repaired or removed with thirty (30) days after written notification to the owner by the planning and zoning commission.

C. Sign Area: The support for the sign, such as poles, columns or a building wall shall not be considered a part of the sign area.

D. Height: Signs shall not be greater than Forty (40) feet or the height limitations allowed in the district in which placed, unless a variance is granted by the Board of Zoning Appeals. Height shall be computed as the distance from the base of the sign at normal grade to the top of the highest attached component of the sign.

Signs to be located within the Federal Aviation Administration (FAA) controlled airspace shall obtain approval for placement by the FAA before submittal to the Raleigh County Planning Commission or Raleigh County Board of Zoning Appeals.

E. Illumination: Signs may be illuminated provided that the light source does not shine directly on any adjacent property or street and does not detract from highway safety.

F. Abandoned Signs: Any sign not in use for a period of twelve (12) months shall be considered "abandoned" and shall be removed after written notification to the owner by the planning and zoning commission.

G. Permits: Business and outdoor advertising signs including billboards shall require a Conditional Use Permit before placement, except signs listed in Article 6C. All electrical signs shall be subject to the National Electrical Code and inspection by the Raleigh County Building Safety Department.

H. Roof Signs: No roof sign shall project over a public right-of way nor extend more than ten (10) feet above the roof or parapet line. In no case shall it exceed the height limit for the applicable district.

I. Off-Premise Signs: Shall be permitted in the (B1) Commercial and (I1) Industrial Districts, and by Conditional Use in the residential districts. The maximum area for an off-premise sign shall be Thirty-Two (32) square feet.

J. Nonconforming Signs: No sign or advertising structure in existence prior to adoption of this chapter may continue but shall not be enlarged or expanded without meeting the requirements of this chapter.

K. Commercial Signs:

1. Commercial signs are permitted pertaining to the business operation on that property. Any exterior sign shall be limited to a sign area of one hundred (100) square feet and a total of three hundred (300) square feet for all signs on premise.

2. Shall be subject to the general provisions of this chapter.

3. Shall not extend beyond the limits of the parcel.

L. Billboards:

1. Billboards are required to obtain a Conditional Use Permit from the Raleigh County Board of Zoning Appeals.

2. Shall meet all height, size and setback requirements for the district it's located in.

3. No billboard shall be erected closer than one thousand (1000) feet to any other such billboard.

4. Must meet all state and federal regulations.

ARTICLE 6C PERMITTED SIGNS WITHOUT ZONING PERMIT

A. Signs posted upon property relating to private parking or warning the public against trespassing or dangers of animals.

B. Municipal, county, state or federal signs including traffic signs.

C. Historical markers, monuments or signs erected by a public authority.

D. A sign or plate denoting the name and/or address of the occupant, mailboxes, paper tubes or similar uses associated with residential uses.

E. A sign for home occupation or profession purpose not exceeding four (4) square feet in area.

F. A sign advertising farm products grown primarily on the premises not exceeding thirty-two (32) square feet in area.

G. Directional or informational signs of a public or quasi-public nature such as those containing the meeting date of a community or civic club.

H. Real estate signs advertising the sale, rental or lease of the premises on which it is placed not exceeding twenty (20) square feet in area.

I. Temporary signs announcing special public events, the construction of a new subdivision or building including the building, contractor or architect not exceeding thirty-two (32) square feet in area and shall be promptly removed when they have fulfilled their function.

J. Election or political signs not to exceed thirty-two (32) square feet in area. Such signs shall be removed within fourteen (14) days after the primary, general or special election.

ARTICLE 6D PROHIBITED SIGNS

A. Signs which are a hazard or threat to public health, safety or general welfare.

B. Signs in any public right of way except publicly owned signs such as traffic control or directional signs.

C. Signs, which size, location, movement, manner of illumination, imitation or resemblance may be confused with or hide from view any traffic, street or railroad sign, device or signal.

D. Signs which obstruct necessary sight of drivers at street intersections.

E. Signs which contain statements, words or pictures of an obscene, indecent or immoral character.

CHAPTER 7 OFF STREET PARKING AND LOADING

ARTICLE 7A OFF STREET PARKING STANDARDS

A. General: In connection with every use, there shall be provided, at the time any building or structure is erected or enlarged, off street parking spaces for automobiles in accordance with these requirements except that no off street parking shall be required for uses in existence as of the effective date of this chapter.

B. Minimum Size: Each off street parking space shall contain an area of not less than Nine feet wide by Eighteen feet long (9'x18') exclusive of access drives and passageways. Handicapped parking spaces shall meet Federal ADA requirements.

C. Access: There shall be provided a minimum access drive of twelve (12) feet in width and, except for single and two family residences, does not require a vehicle to back into a public street or highway.

D. Surface: Any public off street parking area and access drive thereto for Ten (10) or more spaces shall be surfaced with an asphalted or cement binder so as to provide for a durable and dustless surface and shall be graded and drained to dispose of water accumulation. Churches shall be exempt from this requirement.

E. Green space: A minimum of five (5) per cent of the parcel area shall be maintained in green space to control water runoff and drainage shall meet federal, state and county storm water management plans.

F. Landscaping: Shall meet the county landscaping regulations.

G. Marking: Parking areas with Ten (10) or more spaces shall be delineated by painted lines, curbs, bumper blocks or other appropriate means of marking.

H. Mixed Occupancy: When two or more uses are located within the same building or structure, off street parking spaces shall be the sum of the separate requirements for each use.

I. Collective Provision: The required off street parking spaces for any number of separate buildings, structures, or uses may be provided collectively on one parcel providing the total number of spaces shall not be less than the sum of the requirements for the various buildings, structures or uses computed separately.

J. Units of Measurement:

1. Floor Area: Where floor area is the unit for determining the required number of parking spaces, floor area shall mean the area used or intended to be used by tenants or for service to the public, excluding space used for mechanical equipment, stairways and elevator shafts.

2. Hospital Bassinets: In hospitals, bassinets shall not be counted as beds.

3. Places of Public Assembly: (a) In stadiums, sports arenas, churches and other places of assembly in which those in attendance occupy benches, pews or other similar seating facilities, each twenty-four (24) inches of such seating facilities shall be counted as one seat for the purpose of determining the parking space requirements; (b) Where a place of assembly has both fixed seats and open assembly area, requirements shall be computed for each type separately and added together.

4. Uses Not Specified: Where a use is not specifically mentioned in Article 7B, the requirements of a mentioned similar use shall apply.

CHAPTER 12 (PD) PLANNED DEVELOPMENT DISTRICT

This district is designated for planned residential, business and industrial development. The PD provisions are intended to encourage original and imaginative development that preserves the natural amenities of the site and provide for the general welfare of the county. A PD may be permitted in any zoning district established by this ordinance after recommendation by the Planning and Zoning Commission and approval by the Raleigh County Commission.

ARTICLE 12A PRINCIPAL PERMITTED USES

The following permitted uses are allowed in their respective district in accordance with the approved development plan.

A. (PD1) Planned Residential District

1. Residential and/or recreational uses.

B. (PD2) Planned Business District

1. Retail, office and service establishments.
2. Residential and/or recreational uses.

C. (PD3) Planned Industrial District

1. Manufacturing, processing, warehousing and industrial activities.
2. Retail, office and service establishments.

D. (MPCD) MASTER PLANNED COMMUNITY DISTRICT

1. A MPCD is a real estate development developed by a single developer, containing not less than **500 acres**, which has been or is being developed under a comprehensive master plan for a community containing streets and other public services, parks and other recreational facilities for common use by the residents thereof and which is being subdivided into sufficient parcels for residential use to accommodate a projected population of no fewer than 500 persons. In addition, a MPCD shall be a subdivision for which:

a. A statement of record is required to be filed with the Secretary of Housing and Urban Development under the Interstate Land Sales Full Disclosure Act, or any successor regulatory requirements.

b. The community and its common elements and common property are to be operated and managed by a property owners association pursuant to a recorded declaration of covenants, conditions and restrictions through which each parcel is subjected to a charge for a proportionate share of the expenses of the organization's activities including administration, construction and maintenance of common properties.

2. Within a MPCD, the county shall have no responsibility for construction, maintenance or operation of streets, water and sewer systems.

3. The MPCD may be developed in accordance with the terms of a "Development Order" recommended by the Planning and Zoning Commission and issued by the County Commission following review and approval of the developer's master plan which shall have been submitted with developer's application and which shall include, but not be limited to, the following items:

- a. A master plan map reflecting the proposed area of development.
- b. The types of uses that will be permitted within the district and an estimated number of each such permitted uses.
- c. Minimum parcel sizes for each permitted use.
- d. Minimum set back requirements for each permitted use.
- e. Street construction standards.
- f. Plan for long-term street maintenance.
- g. Plan for providing water, sewer and other utilities.
- h. Estimated development schedule for completion of the project.
- i. A description of the organizational documents of the property owners association and pro forma copies of such documents.
- j. A copy of the declaration of covenants, conditions and restrictions
- k. A conditional/final plat of the initial development in the MPCD prepared in accordance with these regulations.

4. The Planning and Zoning Commission shall hold a public hearing in accordance with Article 12C of this chapter.

5. Following the issuance of a development order, subsequent plats of property within the MPCD which have been prepared pursuant to and in accordance with all the requirements of the development order shall not require additional hearings before being approved and sealed by the Planning and Zoning Commission. After administrative review by such commission for compliance with the development order, and it found to be in compliance, such subsequent plats shall be approved as required and be recorded with the Office of the Clerk of the Raleigh County Commission.

6. Notwithstanding any other provision of this or any other ordinance, the development order issued herein, if any, shall control the development within the MPCD. With regard to any MPCD, any county planning or zoning ordinance, order or regulation shall be superseded by the development order adopted, approved and amended by the commission, to the extent that same are in any way inconsistent with the development order."

ARTICLE 12B REQUIRED CONDITIONS AND STANDARDS

A. The physical character of the site shall be suitable for development in the manner proposed without hazards to persons or property on or off the site from possible flooding, erosion, subsidence or other dangers, annoyances or inconveniences.

B. The site shall have a direct access to a major street or highway.

C. Utilities and public facilities shall be developed at no cost to the public.

D. Provisions shall be made at points of ingress, egress and within the district to insure a free and safe flow of vehicular and pedestrian traffic.

E. The provisions for general maintenance and care of common open space or recreational facilities shall be submitted if applicable.

F. Copies of any restrictive covenants, by-laws, articles of incorporation and easements shall be submitted.

G. When the Planned Development is to be constructed in stages or units, a development schedule must be submitted.

H. The location and arrangement of structures, parking areas, walks, lighting, yard requirements and appurtenant facilities shall be compatible with surrounding land uses; and any part of the Planned Development not used for structures, parking and loading areas or access ways, shall be landscaped or otherwise improved.

I. The development will not impose an undue burden on public services and facilities such as fire and police protection.

J. In addition to the provisions of any General Regulations, Special Regulations applicable or other ordinances now in existence or hereafter adopted, the Development Plan must comply with the following requirements unless specifically waived by the county commission with the recommendation of the Planning and Zoning Commission:

1. The Planned Development can be substantially completed within the period of time specified in the schedule submitted by the developer.

2. The Planned Development will not jeopardize public, health, safety and morals.

3. The streets and driveways on the site will be adequate to serve the residents or occupants of the proposed development. Traffic control signals/signs will be provided without expense to Raleigh County when a qualified Traffic Engineer determines that such signals/signs are needed on or off site to prevent traffic hazards or congestion generated by the development.

4. The Development Plan contains such proposed covenants, easements and other provisions relating to the proposed development standards as reasonably are required for public health, safety and morals.

5. Area Requirements - No minimum land area shall be required.

6. Land Covered By Buildings - The total ground floor area of all buildings in the Office, Business and Industrial District shall not exceed sixty (60) percent of the area of the tract.

7. Land Use Intensity

a. For Planned Residential District, other than single family detached developments having an overall density of less than four (4) dwelling units per acre, the relationship between the size of the tract, the floor area of the structures, the open space, the living space and the recreation space in any given Planned Development shall be as set forth in the Development Plan and recommended for approval by the Planning and Zoning Commission to the County Commission.

b. A section or phase of the Planned Development may be built at a density which is greater than any site-specific density space zoning district provided that any such concentration of density shall be offset by an area of lower density in another section or phase of the Planned Development or by an appropriate reservation of common open space elsewhere in the Planned Development so that the average density does not exceed the maximum density, if any, permitted in the base zoning district.

8. Planning Requirements

a. The site shall have a direct access to a major street and not generate traffic on minor residential streets outside the Planned Development area. This requirement does not apply to single family detached residential developments having an overall density of four (4) dwelling units per acre or less.

1. (RV'S) will be permitted into existing mobile home parks that are permitted by the Raleigh County Health Department with a signed letter from the owner of record of the mobile home park. The number of approved mobile home sites approved by the health department cannot be exceeded.

B. Streets

1. Proposed streets shall be continuous and in alignment with existing, planned or platted streets with which they are to connect.

2. All dead-end streets shall terminate in a circular turn-around having a minimum right-of-way diameter of eighty (80) feet, unless the Planning Commission approves a "T" or "Y" turnaround.

3. Street right of ways shall be a minimum of thirty (30) feet in width, of which eighteen (18) feet shall be used for ingress and egress. One-way streets that are not main entrances shall be a minimum of twelve (12) feet in width.

4. Streets shall be surfaced with gravel, asphalted or cement binder so as to provide for a durable and dustless surface and shall be graded and drained to dispose of water accumulation.

Gravel Streets - Gravel Streets shall be constructed on a compacted sub grade free of organic matter. The gravel shall be a well graded crushed stone aggregate six (6) inches thick after rolling. The surface shall be smooth, uniform and tightly packed.

Asphalt and Concrete Streets - Shall be constructed as gravel streets with the addition of a minimum of two (2) inches of bituminous material or concrete material rolled smooth, seamless and uniform.

5. Street Signs - All streets shall be clearly identified by permanent street signs.

C. Parcels

1. Only one RV per Site is permitted and it shall abut on a street.

D. Minimum Parcel Size

1,500 square feet, not to include road right-of-ways. Each RV site shall have a minimum road frontage (width) of 25 feet along a platted road right-of-way. Must have a minimum of 10 feet between site stands.

E. Open Space

A minimum of fifteen percent (15%) of the total area shall be designated as open space.

F. Lighting

All parks shall provide an adequate lighting system.

G. Off-Street parking

1. No on-street parking shall be allowed. A minimum of (2) 180 square feet off-street parking spaces shall be required per site. Each parking space shall have a minimum dimension of 9 feet by 18 feet.

Designated parking areas may not be used for overnight camping or occupancy.

H. Minimum Setback Requirements:

1. All RV units and accessory buildings shall be setback a minimum of 20 feet from the street or highway right-of-way line; or property abutting a state or federal highway, the setback required shall be 40 feet.

2. RV units shall be a minimum of 25 feet from other boundary lines of the park and shall be a minimum of 10 feet from adjoining property lines.

I. Utilities

1. Each individual RV site shall be provided its own water and electrical connection, a RV site may contain sewerage connections. If not provided at campsites, sewerage facilities must be provided at convenient comfort stations as determined by the planning commission.

2. Each RV site shall be provided with a sanitary, covered garbage can.

3. A RV Park shall provide at least one sanitary sewage dump station, one water refill station and one solid waste disposal collection facility.

4. As a minimum, design capacities for centralized water and sewage systems shall be based on the total number of RV sites proposed plus 25 percent more capacity to accommodate a tent area (if any), plus an allowance for sewage dump station and a water refill station.

J. RV Site Stand

Each RV site shall provide an adequate stand for the placement of a camping unit. A RV site stand shall be at least 15 feet by 25 feet in size. No more than one RV unit shall be placed on a RV site.

K. Tents

A tent may be placed on any RV site. In addition, however, a special tent area may be set aside and marked in a RV Park for the random location of tents. The capacity of a tent area shall be limited to 25 percent of the number of designated RV sites within a RV Park. A tent area need not be served directly by water or sanitary facilities, provided a comfort station is located nearby. The size of a tent area shall be based on 500 square feet per eligible tent.

ARTICLE 16E ENACTMENT

These regulations shall become effective upon adoption by the Raleigh County Commission. Any other Manufactured Home Parks and Campground Regulations shall be deemed repealed. These regulations shall in no way effect any action taken by the Raleigh County Planning Commission or the Raleigh County Board of Zoning Appeals prior to the effective date of these regulations.

CHAPTER 17 STORMWATER MANAGEMENT

ARTICLE 17A APPLICABILITY OF SITE RUNOFF STORAGE REQUIREMENTS

A. The following developments shall comply with Article 17D:

1. Single Family Subdivisions, Manufactured Home Subdivision Multi-family or non-residential land use constructed on a site 25,000 square feet or more in size of impervious area;
2. Existing multi-family or non-residential land uses on a site in which new development of 25,000 square feet or more of impervious area.

ARTICLE 17B GENERAL STORMWATER MANAGEMENT REQUIREMENTS

- A. No development shall result in any new or additional expense to anyone other than the developer.
- B. Shall not increase flood elevations or decrease flood conveyance capacity upstream or downstream of the area under the ownership or control of the developer.
- C. Shall not degrade surface or sub-surface water quality.
- D. The development shall have an Overland Flow Path or a storm sewer pipe and inlet sized for the base flood, at the downstream limit of the property that will pass the base flood flow without increasing damage to structures or property.

ARTICLE 17C SITE RUNOFF REQUIREMENTS

- A. The developer shall make adequate provisions for storm and floodwater runoff, including the installation of drainage improvements and dedicated drainage easements. Such easements shall be at least 15 feet in width. The planning commission has the authority to determine the adequacy of drainage improvements and easements. In addition, they may require that low-lying lands along watercourses subject to flooding or overflowing during storm periods to be preserved and retained in their natural state as drainage ways.
- B. Storm water facilities shall be functional before building permits are issued for residential and non-residential purposes.
- C. Storm water facilities shall be required and designed so runoff exits the site at a point where it exited prior to the development and in a manner that flows will not increase flood damage to adjacent property.
- D. Storm water systems shall be sized to carry the base flood without causing additional flood damage.
- E. Design runoff rates shall be calculated using acceptable event hydrograph methods such as HEC-1 SCS, TR-20, HEC-HMS, TR-55 or Rational Methods.

ARTICLE 17D SITE RUNOFF STORAGE FACILITIES

A. Storage facilities design shall be with the following characteristics:

1. The design for all storm water detention facilities shall be in accordance with professionally accepted hydraulic engineering practices and meet all state and federal agencies Erosion and Sedimentation Control standards and requirements.

2. The facilities shall be located in perpetual, unobstructed public easements of appropriate width and shall be accessible and easily maintained.

3. They shall be shown on the development plat.

4. The developer must provide documentation that agreement with the property owners will assume all liability for the maintenance and operation of the storm water facilities.

5. The facility shall provide 2 feet of freeboard for water surface depths.

6. All design detention volume shall be provided above the seasonal high ground water table or invert elevation of the groundwater control system.

7. Storage facilities shall facilitate sedimentation and catchments of floating material; minimize impacts of storm water runoff on water quality by incorporating best management practices; and shall maximize the distance between inlets and outlets, to the extent possible.

8. Storage facilities shall be designed to provide an emergency spillway in the event that the existing pre-development peak runoff rate from the 100-year, 24 hour duration rainfall is exceeded assuming the primary restrictor is blocked and the design detention volume is not effective (basin filled).

9. Storage facilities with single pipe outlets shall have a minimum inside diameter of 12 inches. If design release rates necessitate a smaller outlet, structures such as perforated risers, or flow control orifices shall be used. Outlets shall be designed for peak runoff rate using the 25-year, 24-hour duration rainfall.

10. Appropriate treatment for ditch lines shall be applied as required by the West Virginia Department of Environmental Protection.

ARTICLE 17E HYDROLOGY

The following table shall be used in determining average 24-hour precipitation for the various frequencies:

Frequencies (years)	1	2	5	10	25	50	100
	2.40	2.77	3.56	4.10	4.75	5.25	5.68

ARTICLE 17F STORMWATER PEAK FLOW BASIS

A. Storm water drainage and erosion controls shall be provided based on peak flows resulting from the year frequencies occurring over the contributing watersheds as noted:

- 1. Erosion and Sediment Control - Use 10 year frequency and entire contributing watershed.
- 2. Floodplains - Use 100-year frequency and the entire contributing watershed.
- 3. Storm Drain Pipes and Ditch lines - Use 10 year frequency and the entire contributing watershed.

ARTICLE 17G FILTER STRIP

A. Definition - A strip or area of vegetation for removing sediment, organic matter, and other pollutants from runoff and wastewater.

B. Purpose - To control runoff or wastewater by filtration, deposition, infiltration, absorption and decomposition, thereby reducing flooding and protecting the environment.

C. Applicability - Applies at developments adjacent to ponds, streams, lakes and other waterways. It also applies when a vegetated filter is required as part of a waste management system, or as a part of a forestry operation to reduce sediment entering waterways.

D. Buffer Management Zones - Buffers between the stream and development minimizes adverse impacts to streams and other waterways due to impervious areas, pollutant runoff from parking areas and roads. Damage to the ecological function of the waterway is reduced if buffer zones are maintained. A Buffer Zone Management system required by the planning commission shall be utilized as follows:

Streamside Zone Requirements

- Width - Minimum 25 feet plus wetlands and/or Floodplain.
- Vegetative Target - Undisturbed mature forest or vegetation.
- Allowable Uses - Very Restricted to Flood Control, Utility easements.

Middle Zone Requirements

- Width - Minimum 25 feet plus Floodplain.
- Vegetative Target - Managed forest or vegetation.
- Allowable Uses - Restricted to Recreational Use, Storm water Control.

Outer Zone Requirements

- Width - Minimum 25 foot setback from structures.
- Vegetative Target - Forest/woodlands or turf grass.
- Allowable Uses - Unrestricted for Lawns, Storm water Controls.

APPENDIX A DEFINITIONS

APPENDIX A1 GENERAL INTERPRETATION

Certain terms or words used herein shall be interpreted as follows:

A. The word person includes an individual, firm; trust, association, organization, partnership, company or corporation.

B. The present tense includes the future tense, the singular number includes the plural, and the plural number includes the singular.

C. The word shall is mandatory, the word may is permissive.

D. The word used or occupied includes the words intended, designed or arranged or arranged to be used or occupied.

E. The word parcel includes the words parcel or parcel.

F. Any words pertaining to gender shall be interchangeable. The word "he" shall mean "she", and "she" shall mean "he".

APPENDIX A2 TERMS NOT DEFINED

Where terms are not defined, they shall have their ordinarily accepted meaning, or such as the context may imply.

Amateur Radio Tower - A structure on which an antenna is installed for the purpose of transmitting and receiving amateur radio signals erected and operated by an amateur radio operator licensed by the FCC.

Amendment - Any repeal, addition or revision to a regulation.

Apartment - A room or suite of rooms in a multiple-family structure, which is arranged, designed, used or intended to be used as a housekeeping unit for a single family.

Automobile Service Station - Any area of land, including structures thereon used for the retail sale of gasoline or oil, automobile accessories, and incidental services including facilities for lubricating, hand washing and cleaning, or otherwise servicing automobiles, but excluding painting, major repair, or automatic washing.

Base Flood - The flood having a one percent chance of being equaled or exceeded in any given year.

Bed and Breakfast Inn - A commercial establishment involving the rental of rooms to overnight guests, on a daily or weekly basis, with or without breakfast. The serving of meals to others than overnight guests, shall be considered a Restaurant.

Billboards - A sign or structure which directs attention to an idea, product, business activity, service, or entertainment which is conducted, sold or offered elsewhere than upon the parcel on which sign is situated or located.

Boarding House - A place where room and board are reserved for payment for part of premises in and used by a person(s). The owner shall reside on the premises.

Broadcasting or Communications Tower - Any unstaffed facility for the transmission and/or reception of radio, television, radar, cellular telephone, personal paging device, specialized mobile radio (SMR), and similar services. A Broadcasting or Communication Facility usually consists of an equipment shelter or cabinet, a support tower or other structure used to achieve the necessary elevation, and the

transmission or reception devices or antenna. Excluded are amateur radio towers.

Buffer - A relatively narrow strip of land covered with sufficient screening to prevent visual access and reduce noise intensity from one area to another.

Building - A structure having a roof supported by columns or walls used or intended to be used for the shelter or enclosure of persons, animals or property.

Building Coverage - The percentage of the parcel covered or occupied by building area.

Building Height - The vertical distance measured from the proposed finished grade at the front of the building to the highest point of the rooftop.

Building Line - A line parallel to the front, side and rear parcel property line set so to provide the required setbacks.

Business - The engaging in the purchase, sale, barter or exchange of goods, wares, merchandise or services, the maintenance or operation of offices, or recreational and amusement enterprises for profit.

Campgrounds - A parcel of land used or intended to be used, let or rented for occupancy by campers utilizing tents, campers, camping coaches or other forms of recreational dwelling.

Camping Unit - Any device or vehicular type structure used for the purpose of temporary living or shelter, including, but not limited to, tent, tent-trailer, camping trailer, travel trailer, pick-up camper, motor home, and recreational mobile home.

Camping trailer, Fold Down - Every vehicle consisting of a portable unit mounted on wheels and constructed with collapsible partial sidewalls which fold for towing by another vehicle and unfold at a camp site to provide temporary living quarters for recreational, camping or travel use.

Campsite - A designated parcel of ground within a campground intended or used for the exclusive occupancy by a tents, camping coaches, campers, or a vacation cottage.

Canopy - A structure attached to a building and projecting out parallel to the ground, for the purpose of providing protection from the weather.

Cemetery - A site used for the permanent interment of dead bodies or the cremated remains thereof. It may be a burial park for earth interments, a mausoleum for vault or crypt interments, or a columbarium for cinerary interments.

Commercial - Any wholesale, retail, or service business activity established to carry on a trade for a profit.

Community Center - Non-profit community entertainment, recreation and meeting place.

Comprehensive Plan - A plan for physical development, including land use, adopted by a governing body, setting forth guidelines, goals and objectives for all activities that affect growth and development in the governing bodies jurisdiction.

Conditional Use - A use which because of special requirements or characteristics may be permitted in a particular zoning district only after review by the board of zoning appeals and upon issuance of a conditional use permit, and subject to the limitations and conditions specified in the zoning ordinance.

Contiguous - Parcels, parcels, municipal or county boundaries, that are next to, abutting and having a boundary, or portion thereof, that is coterminous. Street, highways, roads, other traffic or utility easements, streams, rivers, and other natural topography are not to be used to determine parcels, parcels, municipal or county boundaries as contiguous.

Cultural Services - A library, museum, or similar public or quasi-public use displaying, preserving and exhibiting objects of community and cultural interest in one or more of the arts or sciences.

Manufactured Home (Mobile Home) Park - The division of a tract of land into three (3) or more parcels any which is less than five acres each, for the purpose, whether immediate or future, of transfer of ownership, rental or building development, or if a new street is involved in such division, any division of a parcel of land. This term includes re-subdivision of a parcel of land.

Manufactured Home Skirting - Skirting shall be installed around the complete perimeter of the manufactured home. The skirting material may be Vinyl, stone, brick, simulated brick or stone, concrete, precast concrete or aluminum. Access doors and proper ventilation shall be installed as required by the manufacturer or other codes.

Master Planned Development Community - A development by a single developer, containing a minimum of 500 acre, which has been or is being developed under a comprehensive master plan for a community containing streets and other public services, parks and other recreational facilities for common use by its residents thereof and

which is being subdivided into sufficient parcels for residential use to accommodate a minimum population of 500 persons and meet other requirements of the Planned Unit Development regulations.

Mobile Home - A transportable structure that is wholly, or in substantial part, made, fabricated, formed, or assembled in manufacturing facilities for installation or assembly and installation on a building site and designed for long-term residential use and built prior to the enactment of the federal manufactured housing construction and safety standards institute (ANSI) - A119.1 standards for mobile homes. (37-15-2)

Modular Home - A dwelling unit constructed off-site consisting of more than one segment and designed to be permanently anchored to a foundation, to become a fixed part of the real estate, and meets state or local building codes where the homes will be sited.

Motorboat - Any vessel propelled by an electrical, steam, gas, diesel or other fuel propelled or driven motor, whether or not the motor is the principal source of propulsion, but does not include a vessel which has a valid marine document issued by the bureau of customs of the United States government or any federal agency successor thereto.

Motorboat Trailer - Every vehicle designed for or ordinarily used for the transportation of a motorboat. (17A-6-1)

Motor Home - Every vehicle designed to provide temporary living quarters, built into an integral part of or permanently attached to a self-propelled motor vehicle, chassis or van including: (1) Type A motor home built on a incomplete truck chassis with the truck cab constructed by the second stage manufacturer; (2) Type B motor home consisting of a van-type vehicle which has been altered to provide temporary living quarters; and (3) Type C motor home built on an incomplete van or truck chassis with the cab constructed by the chassis manufacturer. (17A-6-1)

Nonconforming Parcel - A parcel where the area, dimensions or location does not conform to the regulations and uses as set forth in this ordinance for the district in which it is located.

Nonconforming Use - The use of a building or land that does not conform to the regulations and uses as set forth in this ordinance for the district in which it is located.

Nursery/Child Care Center - A building used for the commercial care of three (3) or more children not members or wards of the family on a nonresidential basis.

Nursing/Convalescent Home - A structure designed or used for residential occupancy and providing limited medical or nursing care on the premises for occupants but not including a hospital or mental health center.

Occupancy - The period during which one owns, rents, uses, or occupies a certain premises or land.

Open Space - Land not covered by Buildings, structures, parking areas, open storage or any other use that visually obscures the natural or improved landscape.

Parcel - A single parcel of land, which may be legally described as such and may be one or more numbered lots or parts of lots in a recorded plat, located within a single block and occupied by, or intended for occupancy by one principal building or principal use together with such yards as are required by this ordinance and having its principal frontage upon a street.

Parcel, Corner - A parcel abutting upon two (2) or more streets at their intersection.

Parcel, Depth of - The horizontal distance between the front and rear parcel lines.

Parcel, Interior - Any parcel other than a corner parcel.

Parcel, Width - The average horizontal distance between side property parcel lines or the horizontal distance between side property lines measured at the setback line.

Parking Area - An open space other than a street or alley used for the parking and storage of motor vehicles.

Parking, Off-street - An off street area suitable for vehicular parking and having access to a street.

Parking Space - An off-street space available for the parking of one motor vehicle and having an area of not less than a Nine (9) Foot wide by Eighteen (18) foot long, exclusive of access drive and passageways.

Parks, Playgrounds and Outdoor Recreation Areas - Land publicly or privately owned devoted to recreational pursuits, usually an open area reserved for outdoor activities such as play, hiking, exercise or competitive sport not requiring structures for habitation.

Permitted Use - Any use allowed within a zoning district, subject to the restrictions applicable to that zoning district and is not conditional use

Person - An individual, partnership, corporation, association or other legal entity.

Plan - A written description for the development of land.

Plat - A map of the land development.

Planned Unit Development (PUD) - A planned or unified development of a tract of land with a minimum of 100 acres, for which a variety of

housing types and/or related commercial facilities are accommodated under more flexible standards; the approval of which involves requirements in addition to subdivision regulations such as building design and landscaping.

Preferred Development Area - A geographically defined area where incentives may be used to encourage development, infill development or redevelopment in order to promote well-designed and coordinated communities.

Prohibited Use - A use of a building, structure, parcel of land or part thereof, which is not listed as a Permitted or Conditional Use for the District in which located.

Public Place - Any parcels, tracts or parcels of land, structures, buildings or parts thereof owned or leased by a governing body or unit of government.

Recreation, Commercial - Recreation facilities operated as a business and open to the general public for a fee.

Recreation, Private - The use of land by the owner for recreational pursuits.

Recreation, Private, Non-Commercial - Clubs or recreational facilities operated by a non-profit organization and open only to bona fide members of such non-profit organization.

Recreation, Public - Recreational facilities operated as a non-profit enterprise by a governmental entity or any non-profit organization and open to the general public.

Recreational Vehicle - Includes motorboats, motorboat trailer, all-terrain vehicle, travel trailer, fold down camping trailer, motor home or snowmobile. (17A-6-1)

Salvage yard - Any place which is maintained, operated or used for the storing, keeping, buying, selling, or processing of salvage, or for the operation and maintenance of a motor vehicle graveyard. (17-23-2)

Sawmill - A machine and its appurtenances for processing of timber from the property or from its environs without regard to point of origin.

Setback - The horizontal distance in feet from the street line to the principal building on a parcel.

Shooting Range - The use of land or structure for archery and/or the discharging of firearms for the purpose of target practicing, skeet and trap shooting, mock war games, or temporary competitions.

Sign - A name, identification, description, display or illustration which is affixed to or painted upon or represented directly or indirectly upon a building, structure or piece of land or affixed to the glass of a window or door so as to be seen from the outside of the building and which directs attention to an object, product, place, activity, person, institution, organization or business.

Sign, Billboard - A sign or structure which directs attention to an idea, product, business activity, service or entertainment which is conducted, sold or offered elsewhere than upon the parcel on which such sign is situated or located.

Sign, Electrical - Any sign that requires electricity for illumination, movement, or any other purpose.

Sign, Ground - Any sign supported by uprights or braces placed upon the ground and not attached to any building.

Sign, Marquee - Any hood or awning of permanent construction projecting from the wall of a building above an entrance and extending over a thoroughfare.

Sign, Roof - Any sign erected, constructed, and maintained wholly upon or above the roof with the principle support attached to the roof structure.

Sign, Temporary - Any sign, banner, pennant, or other advertising display constructed of cloth, canvas, light fabric, cardboard, wall board, or other light materials, with or without frames, intended to be displayed for a limited period of time.

Sign, Wall - All flat signs or solid face construction which are placed against building or other structure and attached to the exterior front, rear, or side wall of any building or other structure.

Snowmobile - A self-propelled vehicle intended for travel primarily on snow and driven by a track or tracks in contact with the snow and steered by a ski or skis in contact with the snow. (17A-6-1)

Sprawl - Poorly planned or uncontrolled growth, usually of a low-density nature, within previous rural areas, that is land consumptive, auto-dependent, designed without respect to its surroundings, and some distance from existing development and infrastructure.

Stables, Commercial - The boarding, breeding or raising of horses or ponies not owned by the owner or occupant of the property.

Stables, Private - The keeping, breeding or raising of horses or ponies exclusively for the personal use and enjoyment of the owner or occupant of the property.

Street - Streets, avenues, boulevards, highways, roads, lanes, alleys and all public ways.

Structure - Anything constructed, except pavement, the use of which requires permanent location on the ground or attachment to something having a permanent location on the ground.

Subdivision - The division of a parcel, tract or parcel of land into two or more parcels, tracts or parcels of land, or the recombination of existing parcels, tracts or parcels.

Townhouse - A group of three or more attached single family dwellings in which each unit has its own front and rear access to the outside, no unit is located over another unit, and each unit is separated from adjacent units by a vertical wall with no openings.

Travel Trailer - Every vehicle, mounted on wheels, designed to provide temporary living quarters for recreational, camping or travel use of such size or weight as not to require special highway movement permits when towed by a motor vehicle and of gross trailer area less than four hundred square feet.

Truck Stop - A heavy commercial activity located in proximity to major highway routes or interchanges. This business is basically for the refueling and repairing of trucks and the provision of restaurant and sleeping facilities.

Unified Shopping Facility - Any tract of land upon which two (2) or more retail sales establishments are located and developed as a unit with accessory parking facilities. Unified shopping facilities are distinguished from miscellaneous collections of individual stores developed independently and standing on separate parcels along street frontages or clustered in a contiguous area with or without incidental off-street parking.

Unit of Government - Any federal, state, regional, county or municipal government or governmental agency.

Utility - A public or private distribution service to the public that is regulated by the public service commission.

Variance - A relaxation of the regulation of this ordinance granted on grounds of practical difficulties of unnecessary hardship not self-imposed.

Yard, Front - An open space extending the full width of the parcel between a building and the front parcel line unoccupied and unobstructed from the ground upward except as allowed by this ordinance.

Yard, Rear - An open space extending the full width of a parcel between a building and the rear parcel line unoccupied and unobstructed from the ground upward except as allowed by this ordinance.

Yard, Side - An open space extending from the front yard to the rear yard between a building and the nearest side parcel line unoccupied and unobstructed from the ground upward except as allowed by this ordinance.

Zoning - The division of a county into districts or zones which specify permitted and conditional uses and development standards for real property within its districts or zones.

Zoning Map - A map or maps that geographically illustrates all zoning district boundaries within the county, as described by the zoning ordinance, and which is certified as the official zoning map(s) for the county.

Zoning Officer - The Zoning Officer (Administrative Officer) or his/her authorized representative appointed by the County Commission of Raleigh County, West Virginia.

RALEIGH COUNTY PLANNING AND ZONING COMMISSION

Regulations Governing Salvage Yard Approval Permits

By the authority of the West Virginia Code, Chapter 17, Article 23, Section 4, the Raleigh County Planning and Zoning Commission shall promulgate reasonable rules and regulations for obtaining an approval permit for any persons wishing to secure a salvage yard license from the West Virginia Department of Highways. These regulations established by the Raleigh County Planning and Zoning Commission shall take effect from date of promulgation and shall apply to all salvage yards in Raleigh County.

An application approved by the Commission is not a license to operate a salvage yard but is to be used as local approval in making application to the West Virginia Department of Highways for a license.

ARTICLE 1. DEFINITIONS

Section 1.1 Definitions

Abandoned Salvage Yard - Any unlicensed salvage yard or any salvage yard that was previously licensed but upon which the license has not been renewed for more than one year.

Commission - Refers to the Raleigh County Planning and Zoning Commission.

Commissioner - The Commissioner of the West Virginia Division of Highways.

Community Impact Statement - A report prepared by an applicant, describing the scope and the feasibility of the proposed salvage yard. The statement shall also describe the physical, social, economic and other impacts a Salvage Yard may bring to the County and to the immediate area. The Impact statement must include a map showing the exact distance and boundaries from adjoining properties and the structures located on the adjoining properties.

Fence - An enclosure, barrier or screen constructed of materials or consisting of plantings, natural objects or other appropriate means approved by the commissioner and located, placed or maintained so as effectively to screen at all times salvage yards and the salvage therein contained from view of persons passing upon the public roads of West Virginia.

Occupied Private Residence - A private residence that is occupied for at least six months each year.

Owner or Operator - An individual, firm, partnership, association or corporation or the plural thereof.

Permit Officer - Person or persons authorized by the Raleigh County Planning and Zoning Commission to enforce the provisions of this ordinance, assist in the preparation of approval permit applications, and make recommendations to the Commission.

Residential Community - An area wherein five or more occupied private residences are located within one thousand-foot radius.

Salvage - Old or scrap brass, copper, iron, steel, other ferrous or nonferrous materials, batteries or rubber and any junked, dismantled or wrecked machinery, machines or motor vehicles or any parts of any junked, dismantled, or wrecked machinery, machines or motor vehicles.

Salvage Yard - Any place which is maintained, operated, or used for the storing, keeping, buying, selling or processing of salvage, or for the operation and maintenance of a motor vehicle graveyard: Provided, that no salvage yard shall accept, store or process more than one hundred waste tires unless it has all permits necessary to operate a monofill, waste tire processing facility or solid waste facility. Any salvage yard, which currently has on its premises more than one hundred waste tires not on a vehicle, must establish a plan in conjunction with the Department of Environmental Protection for the proper disposal of the waste tires.

Waste Tire - Any continuous solid or pneumatic rubber covering designed to encircle the wheel of a vehicle but which has been discarded, abandoned or is no longer suitable for its original, intended purpose nor suitable for recapping, or other beneficial use, as defined in Chapter 22, Article 15A, Section 2 of the West Virginia Code, because of wear, damage or defect. A tire is no longer considered to be suitable for its original intended purpose when it fails to meet the minimum requirements to pass a West Virginia motor vehicle safety inspection. Used tires located at a commercial recapping facility or tire dealer for the purpose of being reused or recapped are not waste tires.

Waste Tire Monofill or Monofill - An approved solid waste facility where waste tires not mixed with any other waste are placed for the purpose of long-term storage for eventual retrieval for marketing purposes.

Waste Tire Processing Facility - A solid waste facility or manufacturer that accepts waste tires generated by sources other than the owner or operator of the facility for processing by such means as cryogenics, pyrolysis, pyroprocessing cutting, splitting, shredding, quartering, grinding or otherwise breaking down waste tires for the purpose of disposal, reuse, recycling or marketing.

ARTICLE 2. ADMINISTRATION

Section 2.1 Administration

The Raleigh County Planning and Zoning Commission or its designee(s) shall administer these regulations.

ARTICLE 3. LICENSE/PERMIT REQUIRED, FEES AND PUBLIC HEARINGS

Section 3.1 Approval Permit and License Required

No salvage yard or any part thereof shall be established, operated or maintained in Raleigh County without an approval permit from the Raleigh County Planning and Zoning Commission and a state license from the Commissioner of the West Virginia Division of Highways.

Section 3.2 Permit Procedures

A. A public hearing will be set when the application forms for a salvage yard approval permit is filled out in its entirety and submitted to the Planning and Zoning Commission, along with a Community Impact Statement.

B. After a date for the public hearing is scheduled, the applicant shall serve notice on the general public by placing a Class I advertisement in the Beckley Register-Herald a minimum of fifteen days prior to the scheduled hearing and serve notice by certified mail to all properties located within 1000 feet of the proposed property at every boundary and to all properties located within 5000 feet of a residential community.

Section 3.3 Fees

A fee of Sixty dollars (\$60.00), shall be charged for each application submitted to the Commission.

ARTICLE 4. LOCATION STANDARDS AND OPERATING REQUIREMENTS

Section 4.1 Location Standards

A. No permit shall be issued to establish a salvage yard or any part thereof within 1000 feet of the nearest edge of the right-of-way of any road within the state road system designated and classified or redesigned or reclassified as expressway, trunk line or feeder, or any road within the state road system designed and classified or redesigned or reclassified for purposes of allocation of federal highway funds as part of the federal-aid interstate or primary systems: **Provided**, that this limitation shall not apply to landfills established and maintained by the state, county or municipality, if such landfill is effectively screened and obscured by natural objects,

plantings, fences or other appropriate means so as not to be visible from the main traveled way of the system; and

B. No permit shall be issued to establish a salvage yard or any part thereof within 500 feet of the nearest edge of the right-of-way of any state local service road, unless the view thereof from such state local road shall be effectively screened and obscured by fences:

Provided, however, that this limitation shall not apply to landfills established and maintained by the state, county or municipality, if such landfill is effectively screened and obscured by natural objects, plantings, fences or other appropriate means so as not to be visible from the main traveled way of the system; and

C. No permit shall be issued allowing a salvage yard within 1000 feet of the nearest occupied private residence, unless waived by the owner of such residence; or

D. No permit shall be issued to establish a salvage yard within 5000 feet of the nearest occupied private residence which is part of a residential community.

E. No permit shall be issued allowing a salvage yard until it meets the requirements of Chapter 17 of the Raleigh county Zoning Ordinance (Storm Water Management); and

F. No salvage yard shall be permitted within the 100 year Flood Plain; and

G. Shall be in compliance with the requirements of the Department of Natural Resources and the Department of Environmental Protection; and

H. The parcel or parcel for the proposed salvage yard shall be a minimum of three (3) acres.

Section 4.2 Site Design Standards

In establishing a salvage yard, the following standards must be met:

A. Setbacks

1. All salvage yard setbacks shall comply with the parameters stipulated in 17-23-4 of the West Virginia Code. In addition, all salvage yards shall be set back a minimum of 300 feet from a highway listed in the West Virginia Division of Highways system right-of-way and 100 feet from a local, orphan or private road right-of-way. Where State or Federal law requires greater setbacks, the more restrictive shall apply.

2. All salvage yard areas shall be set back a minimum of 50 feet from any common property line and any structure intended for the burning or incineration of salvage material shall be no closer than 100 feet from any property boundary.

B. Fencing and Screening

1. All outdoor storage of salvage material shall be conducted entirely within an enclosed fence, wall, or other solid screen. All driveways through the fence shall be similarly screened. Such solid screen shall be constructed on the front, sides, and rear of the storage area, in accordance with the setbacks above, and shall be constructed in such a manner that no salvage material is visible from an adjacent property, state, local, orphan or private roadway.

2. Fencing and screening shall be kept in good order and repair and no advertisement shall be permitted thereon other than the name of the licensee and the nature of the business conducted on the premises. The construction of fences or screening shall be uniform and no patchwork type of construction shall be permitted.

C. Off Street Parking and Loading

The salvage yard facility shall meet the requirements of Chapter 7 (Off-Street Parking and Loading) of the Raleigh County Zoning Ordinance.

Section 4.3 Operating Requirements

Operators of a salvage yard must comply with all applicable State, Federal and County laws and regulations. In addition, all salvage yards in Raleigh County shall comply with the following requirements:

A. Every applicant for a salvage yard approval permit shall demonstrate to the Department of Natural Resources that adequate measures will be taken to eliminate the threat of pollution or damage to the surface streams or ground water by the storage of salvage materials and substances.

B. Every applicant shall demonstrate to the State Fire Marshal that adequate measures will be taken to eliminate the threat of fire hazard from materials or refuse to be collected, accumulated, or stored on the site. No combustible materials of any kind, other than those necessary for the salvage yard or products of processing salvage materials shall be kept on the premises.

C. Storage of dangerous or toxic chemicals, damaged chemical tankers or containers or materials classified as hazardous waste by the State of West Virginia shall be prohibited.

D. No salvage material shall be allowed to rest upon or protrude over any public street or become scattered or thrown off the premises.

E. Gasoline, oil, anti-freeze and all other fluids shall be removed from any scrapped engines, vehicles or machinery prior to storage on the premises. All fluids removed shall be properly disposed of as required by law.

ARTICLE 5. ENFORCEMENT; INSPECTIONS; INJUNCTIONS; PENALTIES

Section 5.1 Enforcement

Enforcement of this ordinance shall be the responsibility of the Raleigh County Planning and Zoning Commission, who shall make the initial interpretation as to whether a violation has occurred. The commission shall prepare a written "Violation Notice and Directive to Cease and Desist" and shall transmit such notice and directive to the person responsible for the violation. Failure to comply with a Directive to Cease and Desist shall be cause for the Planning and Zoning Commission to declare the violation a common nuisance. Upon such declaration, the Commission shall request the Raleigh County Prosecuting Attorney to seek an injunction to abate such nuisance in the Circuit Court of Raleigh County.

Section 5.2 Inspections

The Commission or its representative shall have the right to inspect the premises of any salvage yard, either announced or unannounced, and at any reasonable time, for the purpose of enforcing these regulations.

Section 5.3 Penalties

Any person violating any provision of these regulations, whether as principal, agent or employee, shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than one hundred dollars (\$100.00) nor more than one thousand dollars (\$1,000.00); and such person shall be guilty of a separate offense for each month during a portion of which any violation of this regulation is committed, continued or permitted. **Provided, however,** that in the event of an appeal from any such conviction, the period between the date a notice of appeal is filed and the date of the final order of the court last considering the appeal shall not be considered a period of continuing in violation of these regulations.

ARTICLE 6. ZONING AMENDMENT

Section 6.1 Zoning Amendment

The application for salvage yard approval shall require a petition to classify the property as Industrial (I1). Both the application for a salvage yard approval permit and the Industrial zoning may occur under the same notifications and public hearing.

ARTICLE 7. AMENDMENT; CONFLICT WITH OTHER LAWS; SEVERABILITY

Section 7.1 Amendment

The Raleigh County Planning and Zoning Commission may, from time to time at its discretion, amend, supplement or change the provisions of these regulations.

Section 7.2 Conflict With Other Laws

Where the provisions of these regulations impose greater restrictions than those of any other ordinance or regulations, the provisions of these regulations shall be controlling. Where the provisions of any statute, other regulations or ordinance shall be controlling. These regulations shall be construed so as to be consistent with the purposes and provisions of State Law governing the licensing and maintenance of salvage yards.

Section 7.3 Severability

If any article, section, subsection, paragraph, clause or provision of these regulations shall be declared by a court of competent jurisdiction to be invalid, such decisions shall not affect the validity of these regulations as a whole or any other part thereof.

ARTICLE 8 PROMULGATION

Section 8.1 Promulgation

These Salvage Yard Approval Permit Regulations are promulgated and enacted this 17th day of April 2008. These regulations may be amended by the Raleigh County Planning Commission and adopted by the Raleigh County Commission.

ARTICLE 9 PETITION FOR SALVAGE YARD APPROVAL PERMIT

Section 9.1 GUIDELINES AND PETITION

Property owners must present a signed petition and necessary attachments, requested supplement, amendment or change to the Ordinance to the Raleigh County Planning and Zoning Commission.

Within sixty (60) days after receiving the petition the Planning and Zoning Commission shall hold a public hearing. The applicant shall serve notice of a public hearing a minimum of fifteen (15) days prior to the hearing date. Placing a Class I legal advertisement in the "general circulation" newspaper will serve notice of the hearing date. The applicant shall serve notice by sending notification by certified mail to adjacent property owners as required by Article 4, Section 4.1 at least fifteen (15) days prior to the hearing date.

All applicants must appear at the hearing either in person or by representative, provided this representative must be someone without any other interest in the property or its zoning.

After the public hearing, a copy of the Planning and Zoning Commission's report will be delivered to the applicant. The following items are required to constitute a complete application:

1. Petition, with filing fee of \$60.00 (FORM SY-1)
2. Copy of Deed of Petition area.
3. Parcel Plan Map (FORM SY-2).
4. Listing of adjacent property owners (FORM SY-3).
5. Legal advertisement (FORM SY-4).
6. Description of proposed use of property (FORM SY-5).
7. Plans for proposed use of property (See FORM SY-5).
8. Appropriate Certificates of Approval (See FORM SY-6).
9. Deed Examination that property is not restricted for proposed use.
